

MOLDS

For All Concrete Products Machines

Make Besser your primary supplier for all your mold and mold part requirements. We provide:

- Design expertise
- Competitive pricing
- Timely delivery
- Besser quality

BESSER
Trusted Since 1904

The Best Molds In The Business

Thanks to modern technology, the possibilities for unit shapes, sizes and textures are endless. If you can imagine it, together we can make it reality!

Besser double tamper head mold for a licensor's paving slab

Columbia style double tamper head mold for a licensor's paving slab

Besser mold for a licensor's retaining wall product

KVM style mold for a licensor's retaining wall product

A single-cavity mold with multiple core openings designed for creative applications

A paver mold with the pin guidance system and heated stripper shoes

Full-height, two-cavity
Besser mold designed
for use with a core puller
and used in a Columbia
block machine

TEKSAM style traffic box mold

Rekers style triple acting tamper
head mold for Gaelix Brick

The use of a core puller allows
producers to form horizontal
openings of various shapes in a
concrete unit. This was impossible
before core puller technology.
Illustrated above is a plunger head
assembled with stripper shoes
designed to shape the top of the
concrete unit.

The Besser Advantage

When you choose Besser as your mold partner you're working with a company whose reputation is built on ingenuity, quality, reliability and confidentiality when required. Bringing concrete products to life is our business.

The combination of highly skilled and dedicated craftsmen, the most advanced technology, premium raw materials and rigorous attention to quality assures exceptional molds

Our talented manufacturing team uses state-of-the-art machine tools to consistently produce precision parts

Besser is known throughout the world for our ability to produce molds for the broadest variety of concrete products including standard, architectural, retaining wall, paving stone, traffic boxes and mortarless units. When you work with Besser you can rely on us to deliver:

- Design expertise
- State-of-the-art manufacturing technology
- Limitless design options
- Timely delivery
- After-sales support
- Strategically located manufacturing locations throughout North America

Since 1904 we have designed and manufactured molds of the highest quality. Combining this experience with the most versatile and technologically advanced design and machine tools is how we create durable molds for any unit design you want to produce, on any machine.
